

WENHAM CEMETERY INFORMATION

Prior to Memorial Day, on behalf of the Wenham Cemetery Commission, the Wenham Department of Public Works will conduct the cemetery Spring cleanup. Please remove all decorations you may have placed on graves now that you wish to keep, otherwise all items will be discarded.

Also be advised that going forward only natural materials will be allowed in the cemeteries, no metal, plastic, candles, solar electrical, etc. please. This will keep our maintenance workers safe during mowing and help eliminate litter.

This Summer you may see areas temporarily fenced or taped off as gravestone preservation work is done. Please remain outside of these areas.

The Wenham Cemetery Commission thanks you for your continuing support and cooperation in maintaining the dignity of our cemeteries.
