This section shall not apply to such parts of meetings as are devoted to the election of town officers. (Amended 5/12/83)

SECTION 2

The annual town meeting shall be held on the first Saturday in May or April of each year unless the Selectmen vote on or before December 31 of the preceding year to establish another date in order to suit the public convenience for the reasons the Selectmen shall determine including, but not limited to, conflicts with the observance of holidays. (Amended STM vote 11/8/2011. Approved by the AG 12/7/2011. Effective as of 2013)

SECTION 3

A motion to reconsider or to rescind a previous vote of the meeting may be made only for such compelling reasons as a change of circumstances, or the acquisition of new information since the original vote was taken, and may be made only on the same day as the original vote. (Amended 5/7/77)

SECTION 4

A motion to change the order of consideration of articles from that set forth in the Warrant shall be in order only when a change of circumstances, error, or discovery of new information has occurred since the posting of the Warrant that bears directly upon the purpose or effect of the article to be postponed or advanced, and may not be adopted solely to affect the time of voting on an article.

SECTION 5

In the case of action on a matter which by statute requires a two-thirds vote, the Town vote may be declared by the Moderator without taking and recording a count, as provided in M.G. Laws Chapter 39, Section 15, unless the vote so declared is immediately questioned by seven (7) or more voters. (Amended 10/5/2005)

(Please note that the STM on 11/8/2011 the following was approved; Town meeting warrant posting requirements were changed from the key intersections throughout town to the following prominent public facilities: Town Hall, Library, Senior Center, the bulletin board outside the post office and on the town website.)

1. This section is adopted under the authority of General Laws, Chapter 40, Section 21, Clause 17.
2. For the purposes of this bylaw, "earth" shall include soil, loam, sod, clay, sand and gravel or quarried stone, or any combination thereof.
3. The Board of Selectmen referred to in this bylaw shall be the same Board of Selectmen established under Section 1, Chapter 41 of the General Laws or the predecessor thereto.

C. Permits Required

1. Other than as excepted in this Section no earth shall be removed from any parcel of land not in public use, either above or under water, in the Town of Wenham unless by and in accordance with a permit issued under the authority of this bylaw. In order to preserve the natural resources of the Town of Wenham, the removal from the town of topsoil or sod is prohibited; relocation within the town of topsoil or sod from one parcel of land to another, within the town, is permitted by written permit as hereinafter set forth.
2. The annual removal of earth other than topsoil or sod in a quantity less than one hundred (100) cubic yards per year or the removal of topsoil or sod in a quantity of less than ten (10) cubic yards per year shall be exempt from the provisions of this bylaw.
3. The removal of earth in compliance with the requirements of a subdivision plan approved by the Planning Board is exempt from the provisions of this bylaw.
4. The grading and redistribution of earth on any site is governed by Section VII-B of the Zoning Bylaw of the Town of Wenham.

D. Permit Applications

Application for a permit hereunder shall be filed with the Board of Selectmen and the Town Clerk in such forms as the Board of Selectmen shall prescribe from time to time. In the event that no rules have been prescribed at the time of the application, within thirty (30) days of filing the application the Board of Selectmen may require the applicant to furnish such additional specified information as may be reasonably useful and further may also require a refiling within thirty (30) days of date of notice to applicant. The legal date of filing of application, for all purposes including those specified in section E, herein, shall be the date of last filing.

E. Permit Hearing

1. No permit shall be issued without a public hearing held within sixty-five (65) days of the filing of the application with the Town Clerk in conformity with provisions for special permits under Sections 9 and 11 of Chapter 40A, General Laws.
2. Failure of the Board of Selectmen to take final action within 90 days after the hearing shall be deemed

By-Laws of the Town of Wenham

approval of the requested permits, provided that such permits shall be valid only for six (6) months from the date of automatic approval, excluding the time required to pursue or await the determination of appeal, and further provided that all work shall be done in accordance with the standards for earth removal in subdivisions as stipulated in the Rules and Regulations governing subdivisions, of the Planning Board of the Town of Wenham.

3. Permits issued by vote of the Board shall automatically expire upon completion of the earth removal project for which it was issued or at such time as may be specified in said permit, and in any event within one (1) year from the date of issue thereof.

4. A permit may be renewed by the Board of Selectmen for a period of one (1) year without a hearing if it finds that all conditions then applicable have been complied with and that the work has been carried on continuously and in good faith. A permit may not be renewed more than once without a hearing, unless in the opinion of the Board of Selectmen the area of the previous permit is being satisfactorily restored for use in accordance with the reuse plan approved by said Board.

5. Where a permit is required hereunder in connection with the development of a large-scale ground-mounted solar photovoltaic installation pursuant to Section 10.2 of the Zoning By-Law, an application therefor shall be submitted simultaneously with an application for site plan review under said Section 10.2. So as to comply with Section 22 of the Green Communities Act, amending G.L c. 25A sec 10 (c), the review of such application shall be expedited and a decision thereon shall be rendered no later than one (1) year from the date of submittal thereof. (Amended 2010)

F. Permit Issuance

1. Permits for earth removal may be issued by the Board of Selectmen subject to the approval where required and the advice where applicable of the Planning Board, Conservation Commission, Board of Health, Highway Department, Police Department and other relevant town departments, subject to the express limitations provided hereinafter and to such additional limitations of time and usage as the Board feels are reasonably required to satisfy the purpose of this bylaw. The Board of Selectmen shall be guided by the standards for earth removal in subdivisions as adopted from time to time by the Planning Board in their Rules and Regulations for Subdivisions.

2. Permits for earth removal shall be issued only upon condition that a cover of topsoil of not less than six inches (6") in depth shall be replaced or allowed to remain, except where, due to construction of roads, buildings or other permanent physical features, such provision is impractical. Such topsoil cover shall be seeded with a perennial cover crop to assure uniform growth and surface soil stabilization.

3. In exercising its discretion under this bylaw, the Board of Selectmen shall not issue any permit for earth removal if in their opinion such removal will:

- a. Endanger the public health or safety or constitute a nuisance because of noise, vibration, smoke, gas fumes, odor, erosion, pollution or other objectionable features, hazard or explosion or fire.
- b. Produce noise, dust or other effects observable at the lot lines in amounts seriously objectionable or detrimental to the normal use of the adjacent property or the economic condition of the district or town.
- c. Result in the transportation over town ways which will be injured in any way by loads in excess of the road capability or by means of handling vehicles used to transport earth or of handling materials in transport.
- d. Alter any significant topographical feature or result in a change in the topography and cover which will be disadvantageous to the appropriate reuse of the land as permitted by the Zoning Bylaw.

By-Laws of the Town of Wenham

G. Prohibitions

The Board of Selectmen shall not issue any earth removal permit if the work extends within three hundred feet (300') of a way open to public use, whether public or private, or two hundred fifty feet (250') of a building or structure, or within one hundred feet (100') of a natural stream or body of water unless the Board is satisfied that the removal will not undermine the way or structure and will not cause damage to the abutting property, stream or body of water.

H. Validity

The invalidity of any section, subsection or provision of this bylaw shall not invalidate any other section or provision thereof.

I. Administration, Enforcement and Penalties

1. The Board of Selectmen or duly authorized representative shall review the progress of the work from time to time to ensure proper conduct.
2. If the Board of Selectmen concludes that there has been a violation of this bylaw, a notice of violation shall be sent to the landowner and where applicable, the permit holder, by registered or certified mail to the address of the landowner on the Town records and, when applicable, to the address of the permit holder on the initial application, and may send a notice ordering a cessation of the improper activities, or take any other action necessary to prohibit further violation.
3. Each violation of this bylaw shall be subject to a fine of \$50 for the first offense, \$100 for the second and \$200 for each subsequent offense, under the terms of General Laws, Ter. Ed., Chapter 40, Section 21, Paragraph 17. Each truckload, or partial truckload, and each day of noncompliance shall constitute a separate offense. The land owner, the permit holder and the driver of the truck shall be jointly and severally liable for the fines.
4. Whether or not specified in the permit, the Board of Selectmen shall have the power to revoke or suspend a permit issued under this bylaw if any permit provisions are not fully complied with by the permit holder or any of its employees, agents, or contractors, either directly or indirectly.

By-Laws of the Town of Wenham

CHAPTER XIII SMOKE DETECTORS AND SPRINKLER SYSTEMS

All buildings or structures occupied in whole or in part for residential purposes and not regulated by Sections 26A, 26B or 26C of the Massachusetts General Laws, shall upon the sale or transfer of such building or structure, be equipped by the seller with approved smoke detectors as provided in Section 26E of the Massachusetts General Laws. The head of the Fire Department shall enforce the provisions of this bylaw. The provisions of Chapter 148, Section 30, of the Massachusetts General Laws shall not apply to this bylaw. (Amended 5/9/81)

SPRINKLER SYSTEMS

In any city or town which accepts the provisions of this section, every building or addition of more than seven thousand five hundred gross square feet in floor area shall be protected throughout with an adequate system of automatic sprinklers in accordance with the provisions of the state building code. No such sprinkler system shall be required unless sufficient water and water pressure exists. For purposes of this section, the gross square feet of a building or addition shall include the sum total of the floor areas for all floor levels, basements and subbasements, measured from outside walls, irrespective of the existence of interior fire restrictive walls, floors and ceilings.

In such buildings or additions, or in certain areas of such buildings or additions, where the discharge of water would be an actual danger in the event of fire, the head of the fire department shall permit the installation of such other fire suppressant systems as are prescribed by the state building code in lieu of automatic sprinklers. Automatic suppressant or sprinkler systems shall not be required in rooms or areas of a telephone central office equipment building when such rooms or areas are protected with an automatic fire alarm system. Sprinkler systems shall not be required in a one-story building having a fire resistance rating as prescribed in the state building code that is solely for offices, provided the building is protected by an automatic fire alarm system. This section shall not apply to buildings or additions used for residential purpose.

The head of the fire department shall enforce the provisions of this section.

This act shall apply to construction of buildings or additions or major alterations commenced after July 1, 1983.

SMOKE DETECTORS

In any city or town which accepts this subsection, one- and two-family dwellings occupied in whole or in part for residential purposes and not required by section twenty-six A or twenty-six B shall be equipped with approved smoke detectors. Owners of such buildings or structures shall install either an approved monitored battery-powered smoke detector or an approved primary power smoke detector on each level of habitation and on the basement level; provided however, that the head of the fire department shall allow the installation of approved monitored battery-powered smoke detectors. Such approved smoke detectors shall be installed in the following manner: an approved smoke detector shall be installed on the ceiling of each stairway leading to the floor above, near the base of, but not within each stairway, and an approved smoke detector shall be installed outside each separate sleeping area.

Buildings or structures occupied in whole or in part for residential purposes and containing not less than three nor more than five units and not regulated by Section twenty-six A, twenty-six B or twenty-six C shall be equipped with approved smoke detectors. Owners of such buildings or structures shall install either an approved

By-Laws of the Town of Wenham

monitored batter-powered smoke detector or an approved primary-power smoke detector outside each separate sleeping area; provided, however, that the head of the fire department shall allow the installation of approved monitored battery-powered smoke detectors; and provided further, that in all common hallways and basements of said residential buildings or structures a series of interconnected approved primary-power smoke detectors shall be installed.

For the purposes of this section, "approved primary power" shall mean an alternating-current primary source of electric power furnished by an electric power or light company municipally operated or operating under the authority of the department of public utilities which is the primary source of electricity or is a secondary source but is permanently wired thereto and will become operational upon the failure of the primary source of power.

The head of the fire department shall enforce the provisions of this section. The provision of section thirty shall not apply to this section.

CHAPTER XIV FIRE AND INTRUSION ALARMS

The Emergency Center Advisory Committee with the approval of the Board of Selectmen, if such Committee shall not be appointed, the Board of Selectmen, is authorized to establish rules, regulations, and schedules of fees for the installation, operation, and maintenance of fire and intrusion alarm systems, including medical alert systems. No person shall install, operate, or maintain a fire intrusion, or medical alert alarm system which is connected by direct line to the Emergency Center or which incorporates a telephone dialing device programmed to dial a local police, fire or emergency telephone number automatically, or which uses exterior audible signals at the alarm location, unless such person first obtains a permit from the Emergency Center Advisory Committee, or the Board of Selectmen, and thereafter complies with applicable rules and regulations and pays any applicable fees. No person shall intentionally transmit any false fire, intrusion, or medical alert alarm. Repeated transmissions of false fire, intrusion or medical alert alarms after notice of a system malfunction from the Emergency Center Advisory Committee or the Board of Selectmen, shall constitute an intentional transmission of a false fire, intrusion, or medical alert alarm. Violation of this bylaw shall be punishable by a fine of up to but not more than one-hundred dollars (\$100) for each offense. (Amended 5/12/84)

CHAPTER XV REPAIR OF PRIVATE WAYS

The Town of Wenham is authorized to make temporary repairs on private ways in accordance with the following bylaw:

1. The owners of land which abuts and has frontage on a private way open to continuous public use for (10) years or more may petition the Board of Selectmen, on a form to be provided by the town, which must be signed by at least 80 percent of the abutters of such private way, to have the town make temporary emergency or general repairs to such private way. If the Board of Selectmen determine first the public necessity will be served thereby, it may authorize such repairs to be made by the town in accordance with the provisions of this bylaw, upon the condition that the petitioning abutters agree to indemnify and hold the town harmless for

By-Laws of the Town of Wenham

claims for personal and property injury resulting from any defects in such private way.

2. If upon receipt of an abutter's petition the Board of Selectmen determine that public safety access and safe passage of public service vehicles on the private way so require, it may order that temporary emergency repairs be made to the private way at the town's expense. Such temporary emergency repairs shall be limited to the filling and patching of holes in the surface of such private ways or the least expensive feasible correction to a defect in drainage which has caused a blockage of such private way.

3. Temporary general repairs shall be any repairs to private ways which are not emergency repairs as provided in the preceding section, and which are reasonable and appropriate to serve the public necessity and convenience as determined by the Board of Selectmen. Temporary general repairs may include the installation and construction of drainage where required; the filling of holes in the surface of such ways and repairs to the surface materials; and the reconstruction and resurfacing of the base and surface of the way. Materials for such repairs shall, where practical, be the same as or comparable with those for the existing surfaces of such ways, but may include resurfacing the ways with bituminous materials including bituminous concrete. The cost of labor to perform temporary general repairs shall be paid by the town, and may be performed by employees of the town provided that the cost of materials is paid by the abutters of such private ways as betterments. Temporary general repairs shall not be undertaken until (1) the Finance and Advisory Board determines that the budget cost of such repair work to be paid by the town is includable in the town's operating budget for the year, or in the alternative, has been separately raised and appropriated by vote of an annual or special town meeting, and (2) the town acting through the Board of Selectmen has assessed betterments for cost of repair materials upon the owners of properties abutting and having frontage on such private way, allocated in proportion to the frontage thereof on such way, and said owners have deposited in full the projected costs of the materials required to perform such repairs.

4. The town shall not be liable on account of any damage caused by temporary emergency repairs or general repairs performed by the town pursuant to this bylaw. The town shall post warning signs at the beginning of such private way that the town is not responsible for any defects in such way, and that members of the public use the same at their own risk.

CHAPTER XVI HOUSE NUMBER BYLAW

A. Bylaw

All houses, businesses, and other buildings within the Town of Wenham shall conspicuously display street identification numbers to assist emergency vehicles, postal and delivery vehicles to locate specific properties in the town.

1. It shall be the duty of each owner or occupant to provide for the display of such number in such a manner that it is visible from the street.

2. Said number shall be a minimum of three inches in height and contrasting in color.

3. In the event that the house, building or business is not visible from the street, the number shall be displayed on a post or mailbox which is visible from the street.

B. Penalty

1. Upon notice of a violation, the Board of Selectmen or Chief of Police will notify the owner or occupant in writing at the earliest convenience of either of the officials.

2. An owner or occupant shall have thirty days to correct such violation. If the owner or occupant fails to place the numbers in the manner required by the bylaw. within 30 days, the penalty

By-Laws of the Town of Wenham

shall be a five dollar fine for each day the numbers are not displayed. If no action is taken within 30 days of the written notice, the fine shall be retroactive to the date of the written notice being issued.

(Voted May 9, 1987)

CHAPTER XVII ANIMAL CONTROL OFFICER FEES

A person who owns or keeps a dog, or other domesticated animal within the territorial limits of the Town of Wenham, shall be responsible for the following fees when the service of the Animal Control Officer is required in connection with any such dog or domesticated animal.

1. First service within a calendar year Free
2. Second service within a calendar year \$25
3. Third service and any subsequent service \$50
4. A pick-up fee of \$15 shall be paid to the Town for any dog retrieved by the animal control officer.
5. All fees incurred as a result of the impounding of a dog. shall be collected prior to the release of said dog from impoundment.
6. Any person who is the owner, or keeper of a dog, or a kennel within the Town of Wenham, who fails to obtain a license for said dogs or kennel, as required in Chapter 140 of the Massachusetts General Laws, within thirty days of the date on which the license is due, shall pay in addition to the fee for such license, a penalty fee of \$5 if payment is made thirty-one to sixty days after the due date; a penalty of \$10 if payment is made sixty-one to ninety days after the due date; and a penalty of \$15 if payment is made after ninety-one days following the due date. All penalty fees required under this section shall be made payable to the Town of Wenham.
7. If the animal control officer determines that a female animal in heat, even confined, is attracting other animals, thus causing a disturbance or damage to neighboring property or public area, the animal control officer may require the owner or keeper of the animal, to confine said animal, while in heat, in a kennel or to remove it from the area so that the nuisance is abated.

"Service" of the Animal Control Officer shall consist of the response of the officer to a specific location, and the removal, restraint, or impounding of the dog or domesticated animal, whether occasioned by request of a citizen, town official or otherwise. Fees shall be payable to the Town of Wenham. (Amended May 1993)

CHAPTER XVIII WATER RESOURCES PROTECTION BYLAW

SECTION 1

Purpose

The purpose of this bylaw is to maintain the quality of surface water and groundwater; to maintain the level of the groundwater table and water recharge areas for existing or potential water supplies; to protect persons and property against the hazards of flood water inundation; to protect and conserve natural features, resources, and amenities for the benefit and welfare of present and future citizens of the Town of Wenham.

By-Laws of the Town of Wenham

This bylaw is intended to protect the water resources, wetlands, and adjoining areas in Wenham by prior review and control of activities deemed by the Conservation Commission likely to have a significant or detrimental effect upon the following values: public or private water supply, groundwater, fisheries, wildlife, wildlife habitat and the prevention and control of flooding, erosion, sedimentation, storm damage, or pollution (collectively, the "resource area values protected by the bylaw"). This bylaw is intended to utilize the Home Rule Authority of this town to protect additional resource areas, for additional values, with additional standards and procedures to augment those of the Wetlands Protection Act, G.L. Ch. 131, sec. 40 and Regulations there under, 310 CMR 10.00.

SECTION 2

Jurisdiction

Except as permitted in writing by the Conservation Commission or as provided in this bylaw, no person shall remove, fill, dredge, discharge into, build upon, otherwise alter, pollute, or degrade the following resource areas: any freshwater wetland as determined by vegetational community, soils composition or hydrologic regime including any marsh, wet meadow, bog, or swamp; any vernal pool, any lake, stream, reservoir, river, or pond, whether intermittent or continuous, natural or manmade; land under such waters; bank or beach; land subject to flooding or inundation by groundwater, surface water or storm water (collectively the "wetland resource areas protected by this bylaw") or lands within one hundred (100) feet of any of the aforesaid resource areas (collectively "the adjacent upland resource areas protected by this bylaw").

SECTION 3

Exceptions

The application and permit required by this bylaw shall not be required for maintaining, repairing, but not substantially changing, relocating or enlarging, any existing or lawfully located structure or facility used in the service of the public to provide electricity, gas, water, telephone, telegraph, or other telecommunication services, provided that, except in cases of public emergency, written notice and plan of work has been given to the Commission at least forty-eight (48) hours prior to commencement of work, and provided that the work is performed in accordance with standards adopted in regulations promulgated under this bylaw.

The application and permit required by this bylaw shall not apply to any emergency project necessary for public health and safety, provided that the work is to be performed by or has been ordered to be performed by an agency of the Commonwealth or a political subdivision thereof; provided that notice, oral or written, has been given to the Commission or its agent within 24 hours after commencement; provided that the Commission or its agent certifies the work as an emergency project; provided that the work is performed only for the time and place certified by the Commission for the limited purposed necessary to abate the emergency and provided that within 21 days of commencement of an emergency project a permit application shall be filed with the Commission for review as provided by this bylaw. Upon failure to meet these and other requirements of the Commission, the Commission may, after notice and a public hearing, revoke or modify an emergency project approval and order restoration and mitigation measures.

The application and permit required by this bylaw shall not be required for work performed for the normal maintenance or improvement of lands in lawful, active agricultural use, provided that the work conforms to performance standards and design specifications in regulations adopted by the Commission. Other than as stated in this section, the exceptions provided in the Wetlands Protection Act, G.L. Ch. 131, sec. 40 and Regulations, 310 CMR 10.00 shall not apply under this bylaw.

By-Laws of the Town of Wenham

SECTION 4

Requests for Determination and Applications for Permits

Written application shall be filed with the Commission to perform activities affecting wetland and upland resource areas protected by this bylaw. The permit application shall include such information and plans as are deemed necessary by the Commission to describe proposed activities and their potential effects on the resource areas protected by this bylaw. No activities shall commence without receiving and complying with a permit issued pursuant to this bylaw.

Any person desiring to know whether or not a proposed activity or an area is subject to this bylaw shall request in writing a determination from the Commission. Such request for determination shall contain data and plans as specified by regulations adopted under this bylaw.

The Commission in an appropriate case may accept any request, application and plans filed under M.G.L. Ch. 131 Sec. 40 as having also been filed under this bylaw. An application for a permit or a request for determination shall be hand delivered or sent by certified mail to the Commission.

The Commission may reasonably request that a separate submittal be made under this bylaw if concerns which may arise pursuant to this by-law are not addressed as part of the original submittal.

Where a permit is required hereunder in connection with the development of a large-scale ground-mounted solar photovoltaic installation pursuant to Section 10.2 of the Zoning By-Law, an application therefor shall be submitted simultaneously with an application for site plan review under said Section 10.2. If a determination of applicability is sought, a request therefore shall be submitted and a determination thereon rendered prior to submittal of an application for site plan review. (Amended 2010)

The applicant shall pay fees as specified in regulations adopted under this bylaw. The fee is in addition to that required by the Wetlands Protection Act, M.G.L. Ch. 131, sec. 40. The Commission may waive the fees, costs, and expenses for an application or request filed by a government agency, or if the project serves a public purpose as determined by the Commission.

Upon receipt of a permit application or Request for Determination, the Commission is authorized to require an applicant to pay a fee for the reasonable costs and expenses borne by the Commission for expert engineering and other consultant or legal services (“Consultant Services”) deemed necessary by the Commission to come to a final decision on the application. This fee is called the “consultant fee”. The Consultant Services may include, but are not limited to, performing or verifying the accuracy of resource area survey and delineation; analyzing resource area functions and values, including wildlife habitat evaluations, hydrogeologic and drainage analysis; and researching environmental or land use law.

The exercise of discretion by the Commission in making its determination to require the payment of a consultant fee shall be based upon its reasonable finding that additional information available through outside consultants is necessary for the making of an objective decision. Any applicant aggrieved by the imposition of, or amount of, the consultant fee, or any act related thereto, may appeal according to the provisions of the Massachusetts General Laws. The consultant fee charged to reimburse the Commission for reasonable costs and expenses shall be based on the overall project costs and shall not exceed \$15,000.

SECTION 5

Notice and Hearings

Any person filing a permit or other application or Request For Determination (“RFD”) with the Commission,

By-Laws of the Town of Wenham

shall give written notice by certified mail (return receipt requested) or hand delivered, to all abutters at their mailing addresses shown on the most recent applicable tax list of the assessors, including owners of land directly opposite on any public or private street or way or across a body of water (within 300 feet of the boundaries of the locus of the proposed project or within 100 feet of the property line on which the project is to be carried out, whichever is greater), including any in another municipality. The Commission may at its own discretion request that additional parties who may be affected by the proposed project (including but not necessarily limited to, those affected by or through changes in surface water runoff patterns, impact on the groundwater table, etc.) be notified according to the procedures established for abutters as described above. The notice to abutters shall have enclosed a copy of the permit application or request, with plans, or shall state where copies may be examined and obtained by abutters. An affidavit of the person providing such notice, with a copy of the notice mailed or delivered, shall be filed with the Commission. The Commission shall conduct a public hearing on any permit application, Abbreviated Notice of Resource Area Delineation (ANORAD), or RFD, with written notice given at the expense of the applicant, five business days prior to the hearing, in a newspaper of general circulation in Wenham.

The Commission shall commence the public hearing within 21 days from receipt of a completed permit application, ANORAD, or RFD unless an extension is authorized in writing by the applicant or unless a hearing is delayed beyond 21 days by conditions beyond the reasonable control of the Commission, in which case the hearing will be held as soon as reasonably possible. The Commission shall have the authority to continue the hearing to a specific date announced at the hearing for reasons stated at the hearing, which may include the need for additional information from the applicant or from others as deemed necessary by the Commission in its discretion, to solicit or respond to comments and recommendations of the boards and officials listed in the following section. In the event the applicant objects to a continuance or postponement, the hearing shall be closed and the Commission shall take action on such information as is available.

The Commission shall issue its permit, other order, or determination in writing within 21 days of the close of the public hearing thereon unless an extension is authorized in writing by the applicant. When a person requesting a determination is other than the owner, the request, the notice of the hearing and the determination itself shall be sent by the Commission to the owner as well as to the person making the request.

So as to comply with Section 22 of the Green Communities Act, amending the G.L. c.25A sec 10 (c), the review of a permit application made hereunder in connection with the development of a large-scale ground-mounted solar photovoltaic installation, as aforesaid, shall be expedited and a decision thereon shall be rendered no later than one (1) year from the date of submittal thereof. Determinations of applicability shall be made expeditiously, so as to not delay application for site plan review pursuant to Section 10.2 of the Zoning By-Law and/or for a permit hereunder.

The Commission shall combine its hearing under this bylaw with the hearing conducted under the Wetlands Protection Act, G.L. Ch. 131, §40, and Regulations, 310 CMR 10.00 in instances of concurrent jurisdiction.

SECTION 6

Coordination with Other Boards

The Conservation Commission may choose to solicit the advice and opinions of other Town boards and officials in the course of its deliberations. Town boards and officials shall be entitled to file written comments and recommendations with the Commission at or before the public hearing. The Commission shall take any such comments and recommendations into account but shall not be bound by them. The applicant shall have the right to receive any comments and recommendations, and will be given the opportunity to respond to them at a

By-Laws of the Town of Wenham

hearing of the Commission, prior to final action.

Any application for a permit or determination shall at the same time be mailed or delivered to the Board of Selectmen, Planning Board, Zoning Board of Appeals, Board of Health and Building Inspector.

SECTION 7

Determinations, Permits, and Conditions

If the Conservation Commission, after a public hearing, determines that the activities which are subject to the permit application or the land and water uses which will result therefrom, are likely to have a significant effect upon the resource area values protected by this bylaw, the Commission, within 21 days of the close of the hearing, shall issue or deny a permit for the activities requested. If it issues a permit, the Commission shall impose conditions which the Commission deems necessary or desirable to protect those values, and all activities shall be done in accordance with those conditions. The Commission shall take into account the adverse effects of loss, degradation, isolation, and replication of protected resource areas throughout the community and the watershed, resulting from past activities, permitted and exempt, and foreseeable future activities.

Where no conditions are adequate to protect those resource values, the Commission is empowered to deny a permit for failure to meet the requirements of this bylaw. It may also deny a permit; for failure to submit necessary information and plans requested by the Commission; for failure to meet the design specifications, performance standards, and other requirements in regulations of the Commission; or for failure to avoid or prevent unacceptable effects upon the resource area values protected by this bylaw. Due consideration shall be given to any demonstrated hardship on the applicant by reason of denial, as presented at the public hearing.

Lands within 200 feet of rivers, ponds and lakes, and lands within 100 feet of other resource areas, are presumed important to the protection of these resources because activities undertaken in close proximity to resource areas have a high likelihood of adverse impact upon the wetland or other resource areas, either immediately, as a consequence of construction, or over time, as a consequence of daily operation or existence of the activities. These adverse impacts from construction and use can include, without limitation, erosion, siltation, loss of groundwater recharge, poor water quality, and loss of wildlife habitat. The Commission may therefore establish performance standards for protection of such lands including without limitation strips of continuous, undisturbed vegetative cover within the 200-foot or 100-foot area, or other form of work limit or setback to buildings, roads, landscaping and other features, unless the applicant convinces the Commission that the area or part of it may be disturbed without harm to the values protected by the bylaw. The specific size and type of protected area may be established by regulations of the Commission.

In the review of areas within 200 feet of rivers, ponds and lakes, no permit issued hereunder shall permit any activities unless the applicant, in addition to meeting the otherwise applicable requirements of this bylaw, has proved by a preponderance of the evidence that (1) there is no practicable alternative to the proposed project with less adverse effects, and that (2) such activities, including proposed mitigation measures, will have no significant adverse impact on the areas or values protected by this bylaw. The Commission shall regard as practicable an alternative which is reasonably available and capable of being done after taking into consideration the proposed property use, overall project purpose (e.g., residential, institutional, commercial, or industrial purpose), logistics, existing technology, costs of the alternatives, and overall project costs.

To prevent wetlands loss, the Commission shall require applicants to avoid wetlands alteration wherever feasible; shall minimize wetlands alteration; and, where alteration is unavoidable, shall require full mitigation which shall include, at a minimum, complete replacement or restoration of the lost wetlands. The Commission

By-Laws of the Town of Wenham

may authorize or require replication of wetlands as a form of mitigation, but only with adequate security, professional design, and monitoring to assure success, because of the high likelihood of failure of replication.

The Commission may require a wildlife habitat study of the project area, to be paid for by the applicant, whenever it deems appropriate, regardless of the type of resource area or the amount or type of alteration proposed. The decision shall be based upon the Commission's estimation of the importance of the habitat area considering (but not limited to) such factors as proximity to other areas suitable for wildlife, importance of wildlife "corridors" in the area, or possible presence of rare species in the area. The work shall be performed by an individual who at least meets the qualifications set out in the wildlife habitat section of the Wetlands Protection Act Regulations (310 CMR 10.60).

The Commission shall presume that all areas meeting the definition of "vernal pools" under Section 9 of this bylaw, including the adjacent area, perform essential habitat functions. This presumption may be overcome only by the presentation of credible evidence which, in the judgment of the Commission, demonstrates that the basin or depression does not provide essential habitat functions. Any formal evaluation should be performed by an individual meeting the qualifications under the wildlife habitat section of the Wetlands Protection Act Regulations.

A permit shall expire three years from the date of issuance. Notwithstanding the above, the Commission in its discretion may issue a permit expiring five years from the date of issuance for recurring or continuous maintenance work, provided that annual notification of time and location of work is given to the Commission. Any permit may be renewed once for an additional one year period, provided that a request for a renewal is received in writing by the Commission prior to expiration. Notwithstanding the above, a permit may identify requirements which shall be enforceable for a stated number of years, indefinitely, or until permanent protection is in place, and shall apply to all owners of the land.

For good cause the Commission may revoke any permit, other order, determination or other decision issued under this bylaw after notice to the holder of the permit, the public, abutters, and town boards, pursuant to Sections 5 and 6, and a public hearing. Amendments to permits or determinations shall be handled in the manner set out in the Wetlands Protection Act Regulations and policies thereunder.

The Commission in an appropriate case may combine the decision issued under this bylaw with the Order of Conditions, Order of Resource Area Delineation (ORAD), Determination of Applicability or Certificate of Compliance issued under the Wetlands Protection Act and Regulations.

No work proposed in any application shall be undertaken until the permit, ORAD or determination issued by the Commission with respect to such work has been recorded in the registry of deeds or, if the land affected is registered land, in the registry section of the land court for the district wherein the land lies, and until the holder of the permit certifies in writing to the Commission that the document has been recorded. If the applicant fails to perform, the Commission may record the documents itself.

SECTION 8

Regulations and Establishment of Fees

After public notice and public hearing, the Commission may promulgate or amend rules and regulations to accomplish the purposes of this bylaw and may establish a schedule of filing fees and consultant fees to be paid by persons making requests for determinations or applications for permits hereunder, effective when approved by majority vote of the Commission and filed with the town clerk. Failure by the Commission to promulgate

By-Laws of the Town of Wenham
